The positions of the planets and house cusps at the time of your birth are given below. The interpretation of this astrological data is divided into ten chapters as follows: I. Your General Nature, II. Inner Responsiveness, III. Mentality, IV. Inner Needs - Desires - Sexuality, V. Energy - Drive - Activity, VI. Expansiveness - Growth - Success, VII. Seriousness - Concentration - Limitations, VIII. Originality - Spontaneity - Independence, IX. Imagination - Ideals - Spirituality, X. Compulsiveness - Fate - Mission.

### General Guidelines

Some of the interpretations given in the 'chapter highlights' section may appear in two chapters because these particular interpretations are appropriate for both chapters. It does not denote greater strength of this interpretation.

If you find the same theme showing up repeatedly in the interpretations, then this factor is particularly strong. Interpretations given in the 'Chapter Highlights' section of each chapter are ordered with the strongest influences first.

If two interpretations sound contradictory, then this simply means that you express opposite qualities at different times and in different situations.

Remember also that astrology is not fatalistic; astrology is a key to understanding the cosmic energies that influence your decisions, and it provides a map of the best path to follow.

## Chapter I. Your General Nature

### Approach, Attitude

You tend to cover an innate sensitivity with calculated assertiveness which can be confusing to a partner who really wants to be close to you. The sooner you take the risk of opening up, the sooner real intimacy will have a chance to begin to develop.

*Ascendant in Cancer*

### Key Quality

You are sensitive, sympathetic, and easily take on the needs and hurts of others, sometimes to the exclusion of your own. You are able to adapt well to emotional situations as long as you do not let them overwhelm you or put yourself under another's control

*Sun in Pisces*

### Key Activity

Your first approach on life is toward its grand side, seeing the breadth and scope of a relationship before its details. This may cause you to ignore smaller things that may be very important to a partner, so be willing to hand over that side on demand.

*Sun in Ninth House*

### Chapter Highlights

You have a very strong concern for, and sense of, what others have to say about you and will likely find yourself generally in the public eye for this reason. Take special care to guard your privacy if you want it, or else it will be hard to keep.

*Sun Conjunct Midheaven Orb: 03°49'*

A strong sense of idealism colors your actions, but you have the ability to periodically pull away from your fantasies for a good clear look. When other relationships are in abeyance, a small pet's devotion can make you high as a love affair would.

*Sun Opposite Neptune Orb: 04°09'*

You have a nice easy, broad sense of personal pacing that allows you to cover a lot of ground without appearing to, with large, relaxed sweeps. You will be able to gently open up more introverted types and broaden their world, open their hearts.

*Sun Trine Jupiter Orb: 06°02'*

You have a natural self-confidence that allows you to work well in emergency or stress situations, as you just know you will pull through in the end -- which is three-quarters of getting there to begin with. The angels do; on occasion, save it.

*Sun Trine Pluto Orb: 06°45'*

Your inner personality is reflected strongly and easily through your outer appearance,

so it will be natural to get your message across with body language alone, particularly when words fail. Sincerity very much shows, your heart is on your sleeve.

*Sun Trine Ascendant Orb: 09°11'*

## Chapter II. Inner Responsiveness

### Key Quality

You tend toward studied reactions to emotional situations, which are sustained once decided upon. This can be alternatively reassuring or infuriating to a partner, depending upon whether they agree with you or not. Compromise may at times be best.

*Moon in Taurus*

### Key Activity

You have a flair for making friends in the right places, as your response to situations always shows class (in the truest sense of the word). Don't let this get you in over your head in situations where you would rather back off & quietly be yourself.

*Moon in Eleventh House*

### Chapter Highlights

Your emotional reactions are well in tune with your physical response, making your body language accurately reflect what you are saying and feeling. This adds a social ease and grace that others may lack, so give them the benefit of the doubt.

*Moon Sextile Ascendant Orb: 00°39'*

You stand rock steady behind your emotional response to another and are not likely to change the way you feel once your feelings have crystallized. This makes you a superior friend in the long haul, who can be depended upon in a crisis down the road.

*Moon Sextile Saturn Orb: 04°45'*

A good sense of where others' feelings lie enable you to react to them sensitively and with care, putting across with feelings what cannot be expressed in words. Quiet understanding will frequently do more to communicate than a thousand words can say.

*Moon Trine Neptune Orb: 05°40'*

A tendency to react rather abruptly may take others by surprise so you may do well to count to ten before you express just exactly how you feel in order to soften the blow, especially in the case of partners more conservative than yourself.

*Moon Conjunct Uranus Orb: 08°24'*

## Chapter III. Mentality

### Key Quality

Your mind is likely to grasp all sides of a relationship, including some that aren't there, at least not yet. You may thus seem to your partner to be treating him/her in a slightly unreal manner. Concentrate on what's going on now, with an eye ahead.

*Mercury in Aquarius*

### Key Activity

Your natural tendency in analyzing a situation will be by beginning several levels deeper than your partner, which tends to confuse. Back up and start from the beginning so you both can take the in-depth cruise you launched to begin with.

*Mercury in Eighth House*

### Chapter Highlights

An overabundance of words tends to cloud communication rather than clarify, so strive to be more succinct where possible. Expansive ideas need to be cut down to size if they are to be implemented on a one-to-one basis with another. Keep it simple.

*Mercury Square Jupiter Orb: 02°21'*

You have a very natural sense of how to translate thought into action, but others may not be so talented and you will have to help them communicate what they would like to do even when it seems self-evident to you. Just pick up the ball and run.

*Mercury Trine Mars Orb: 03°08'*

## **Chapter IV. Inner Needs - Desires - Sexuality**

### **Key Quality**

Your desires are very immediate and demand quick attention, but will subside quickly once satiated or sufficiently frustrated. You will be driven to take the initiative and will be annoyed by those who beat around the bush -- forgive them, be patient!

*Venus in Aries*

### **Key Activity**

You are rather drawn to those with a high public profile and like to find satisfaction in areas where others will hear about it. Thus you will tend to have a high profile yourself and may find yourself in competition with your partner despite all.

*Venus in Tenth House*

### **Chapter Highlights**

It may be hard for you to physically demonstrate what you want in a situation and you may be better off establishing strong verbal communication in order to get your needs satisfied. Body language can work against you, so speak up if you're in doubt.

*Venus Square Ascendant Orb: 05°11'*

## Chapter V Energy - Drive - Activity

### Key Quality

Your facility to insert yourself into a situation where change is needed will keep yourself and others on their toes. You will go out of your way to see that all is fair and just, but make sure that troubleshooting is really needed before jumping in.

*Mars in Libra*

### Key Activity

You are best off when you can do your thing at home, or at least in familiar, comfortable surroundings with a minimum to distract you. Your strength for a partner is in strongly affecting intimacy where there can be no doubt about your love and sincerity.

*Mars in Fourth House*

### Chapter Highlights

A buried fear that your actions might get you into serious problems makes you over-compensate and try to take greater control of the situation than needed. Since this may lead to anger or confrontation with others, relinquish control where you can.

*Mars Square Pluto Orb: 00°03'*

You have a very natural sense of how to translate thought into action, but others may not be so talented and you will have to help them communicate what they would like to do even when it seems self-evident to you. Just pick up the ball and run.

*Mercury Trine Mars Orb: 03°08'*

Highly staccato energy flow may need to be regulated, smoothed out to blend in with the operations of others. Too quick, erratic comings and goings leave confusion, upheaval which watchful self-monitoring can fully bring under control with attention.

*Mars Opposite Uranus Orb: 04°57'*

## Chapter VI.    **Expansiveness - Growth - Success**

### **Key Quality**

Although you do not rush into developing a relationship, you do like to forge a very committed one once you have made the decision to do so. Exploring the very depths of emotion is like taking a bath, so you may scare some when you take the plunge.

*Jupiter in Scorpio*

### **Key Activity**

You are at your most creative when at play, love, and general amusement, which makes you pleasant company, though some may criticize you for not taking things seriously enough. Actually, what you take seriously is joy, and don't hesitate to say it.

*Jupiter in Fifth House*

### **Chapter Highlights**

Sure confidence in the inevitability of your chosen direction allows you to keep your eye on the ball without distraction. It may also blind you to alternatives others are offering, so check the alternatives before locking yourself on a course.

*Jupiter Trine Pluto    Orb: 00°43'*

You are likely to be able to maintain a sunny, favorable reputation without particularly working hard at it. Compliments not necessarily to your face will come easy, but not so much that you will not have to work to maintain your image.

*Jupiter Trine Midheaven    Orb: 02°13'*

An overabundance of words tends to cloud communication rather than clarify, so strive to be more succinct where possible. Expansive ideas need to be cut down to size if they are to be implemented on a one-to-one basis with another. Keep it simple.

*Mercury Square Jupiter    Orb: 02°21'*

You have a nice easy, broad sense of personal pacing that allows you to cover a lot of ground without appearing to, with large, relaxed sweeps. You will be able to gently open up more introverted types and broaden their world, open their hearts.

*Sun Trine Jupiter    Orb: 06°02'*

## **Chapter VII. Seriousness - Concentration - Limitations**

### **Key Quality**

You seek your most precious needs and security in places most think least likely to find them. You succeed or fail by your own inner judgment and here you are harshest with yourself. Let the glow of another be your light, and rekindle what you judge.

*Saturn in Pisces*

### **Key Activity**

You have a penchant to explore in depth the philosophies around you to find the lasting inner truths in them, rather than for seeking change or revision. This will make you a good analyst, so you are best off with another who is a fresh informationist

*Saturn in Ninth House*

### **Chapter Highlights**

You have a good sense of how to develop your insights and bring them to earth where they will do your self and others some good. This may make you slow to reveal them until they are ready for use, so your friends may have to wait until you are ready.

*Saturn Sextile Uranus Orb: 03°39'*

You stand rock steady behind your emotional response to another and are not likely to change the way you feel once your feelings have crystallized. This makes you a superior friend in the long haul, who can be depended upon in a crisis down the road.

*Moon Sextile Saturn Orb: 04°45'*

A certain deliberateness of gait tends to add firmness & credibility to your appearance, implying reliability and a shoulder someone could lean on. This may be simply exterior but it bears physical attraction to some and should be cashed in on.

*Saturn Trine Ascendant Orb: 05°24'*

## Chapter VIII. Originality - Spontaneity - Independence

### Key Quality

Your instinct for personal discovery is quick and strong, and you will often depend on sudden insights about others which they may not immediately share. Wait until your insights begin to bear fruit before expressing them too strongly.

*Uranus in Aries*

### Key Activity

You are likely to find yourself in the company of unusual groups and organizations that do not fit the establishment mold, but which will provide you with much stimulus and excitement. Look for a life partner elsewhere, however, for something enduring.

*Uranus in Eleventh House*

### Chapter Highlights

You have a good sense of how to develop your insights and bring them to earth where they will do your self and others some good. This may make you slow to reveal them until they are ready for use, so your friends may have to wait until you are ready.

*Saturn Sextile Uranus Orb: 03°39'*

Highly staccato energy flow may need to be regulated, smoothed out to blend in with the operations of others. Too quick, erratic comings and goings leave confusion, upheaval which watchful self-monitoring can fully bring under control with attention.

*Mars Opposite Uranus Orb: 04°57'*

A certain fear of finding out too much for your own good may make you pull back from breakthroughs in a relationship just as they are about to happen, and you are probably best off if you just close your eyes and plunge ahead, let the chips fall...

*Uranus Square Pluto Orb: 05°01'*

A tendency to react rather abruptly may take others by surprise so you may do well to count to ten before you express just exactly how you feel in order to soften the blow, especially in the case of partners more conservative than yourself.

*Moon Conjunct Uranus Orb: 08°24'*

## Chapter IX. Imagination - Ideals - Spirituality

### Key Quality

It is not likely that you will ever have everything your heart desires in detail, simply because you can weave an impossibly detailed fantasy of it. Best to pick the most achievable set of details and let the rest of the dream fall where it may.

*Neptune in Virgo*

### Key Activity

Your sense of communication is more one of flow and feeling than of concrete syntax. This allows expression for intangible ideas but may lead others to request clarification. It is difficult to be specific when there is a host of meaning in a word -say so.

*Neptune in Third House*

### Chapter Highlights

A strong sense of idealism colors your actions, but you have the ability to periodically pull away from your fantasies for a good clear look. When other relationships are in abeyance, a small pet's devotion can make you high as a love affair would.

*Sun Opposite Neptune Orb: 04°09'*

A good sense of where others' feelings lie enable you to react to them sensitively and with care, putting across with feelings what cannot be expressed in words. Quiet understanding will frequently do more to communicate than a thousand words can say.

*Moon Trine Neptune Orb: 05°40'*

Your greatest fantasies are likely to center quite close to home but may also demand more of your personal environment than is realistically achievable. Your home can be your castle, but it may not quite compare to Windsor Castle or Buckingham Palace.

*Neptune Opposite Midheaven Orb: 07°59'*

## Chapter X. Compulsiveness - Fate - Mission

### Key Quality

As a part of a twenty-five year generation beginning early in the century you may find personal closeness to be your weakest and strongest points. A great need for nurturing and a fear of the loss of it require honest attention in any relationship.

*Pluto in Cancer*

### Key Activity

You have a tendency to be physically dominant in a social situation which is a two-edged sword. Where immediate leadership is needed, you will be on the spot. Where it is not, you could become a bully unknowingly through pressing your will on others.

*Pluto in First House*

### Chapter Highlights

A buried fear that your actions might get you into serious problems makes you over-compensate and try to take greater control of the situation than needed. Since this may lead to anger or confrontation with others, relinquish control where you can.

*Mars Square Pluto Orb: 00°03'*

Sure confidence in the inevitability of your chosen direction allows you to keep your eye on the ball without distraction. It may also blind you to alternatives others are offering, so check the alternatives before locking yourself on a course.

*Jupiter Trine Pluto Orb: 00°43'*

A reputation for strength, forcefulness, and will is nice to have and where you can't live up to it you generally won't have to. Nevertheless, what people say about you will endure, so put your ear to the ground and listen for the good word.

*Pluto Trine Midheaven Orb: 02°56'*

A certain fear of finding out too much for your own good may make you pull back from breakthroughs in a relationship just as they are about to happen, and you are probably best off if you just close your eyes and plunge ahead, let the chips fall...

*Uranus Square Pluto Orb: 05°01'*

You have a natural self-confidence that allows you to work well in emergency or stress situations, as you just know you will pull through in the end -- which is three-quarters of getting there to begin with. The angels do; on occasion, save it.

*Sun Trine Pluto Orb: 06°45'*
