Your General Nature, II. Inner Responsiveness, III. Mentality, IV. Inner Needs - Desires - Sexuality, V. Energy - Drive - Activity, VI. Expansiveness - Growth - Success, VII. Seriousness - Concentration - Limitations, VIII. Originality - Spontaneity - Independence, IX. Imagination - Ideals - Spirituality, X. Compulsiveness - Fate - Mission.

General Guidelines

Some of the interpretations given in the 'chapter highlights' section may appear in two chapters because these particular interpretations are appropriate for both chapters. It does not denote greater strength of this interpretation.

If you find the same theme showing up repeatedly in the interpretations, then this factor is particularly strong. Interpretations given in the 'Chapter Highlights' section of each chapter are ordered with the strongest influences first.

If two interpretations sound contradictory, then this simply means that you express opposite qualities at different times and in different situations.

Remember also that astrology is not fatalistic; astrology is a key to understanding the cosmic energies that influence your decisions, and it provides a map of the best path to follow.

Chapter I. Your General Nature

Approach, Attitude

Your tendency for self-control means you are slow to commit your self to a relationship, but once you take the plunge you intend it to be for good and make a fiercely loyal friend and companion once you have surrendered your well-defended solo status.

Ascendant in Scorpio

Key Quality

You are very generous and giving, but tend to tie that onto your own self-image of being correct. The courage to admit you are wrong will do as much to earn you the respect of a close partner as your warmth, loyalty, and leadership ability.

Sun in Leo

Key Activity

You will find that you have a rather high profile in life, no matter what you do, so be prepared to live at least a good part of your personal life within the view of others. Try not to let this obscure a partner's visibility unless you both wish it.

Sun in Tenth House

Chapter Highlights

You have a very strong concern for, and sense of, what others have to say about you and will likely find yourself generally in the public eye for this reason. Take special care to guard your privacy if you want it, or else it will be hard to keep.

Sun Conjunct Midheaven Orb: 01°24'

A good sense of originality in developing a relationship will tend to keep things interesting for both you and a partner without pushing things too far or going over the deep end. When things get boring, you can count on a flash of inspiration.

Sun Trine Uranus Orb: 04°07'

You project a very warm, heartfelt quality because you are usually consistent in your inner direction and your personality style compliments your aims and desires. An open hand goes with an open heart, but keep a guard in reserve for insurance.

Sun Conjunct Venus Orb: 08°19'

Your physical appearance may often belie your inner feelings or direction, over or understating them, so you should be able to say what you mean more than show it if you

want to put yourself across well. When you mean what you say, others will know it.

Sun Square Ascendant Orb: 08°58'

Chapter II. Inner Responsiveness

Key Quality

You are very quick to adapt emotionally to a situation, no matter what stance a partner takes. You may be accused of not having a real opinion as a result, when in fact you see the value to all possible opinions and the benefits of each.

Moon in Gemini

Key Activity

You may find yourself reacting to another in a much deeper, almost more mysterious way than either of you had intended. Rather than back off from it, explore it further, as there is likely something special there you will both gain much insight from.

Moon in Eighth House

Chapter Highlights

You have an easy style of reception and desire, knowing just how much you want in a relationship and just how much you can get, the two usually being rather closely matched. The ease of friendship is more familiar than the pain of unrequited desire

Moon Sextile Venus Orb: 01°50'

You have a nice, easy feeling of just how far to react with a person that will give you both maximum benefit without going over anyone's interdicted borders or invading space. Instead you tend to open others' space by showing how open you can be.

Moon Sextile Jupiter Orb: 03°44'

You may frequently be accused of saying something other than what you mean, but that is not quite accurate. You may say different from what you feel, meaning entirely to say it. However, don't get carried away dissembling, or you'll lose both.

Moon Square Mercury Orb: 03°50'

Dissembling responses to others appear to be self-protective, but sow confusion and distrust in the long run, so take extra care to say what you mean, mean what you say. Better to say nothing than to give an easy, but misleading, reply.

Moon Square Neptune Orb: 03°57'

A nice balance of feeling and action allow you to make your moves well-timed and with appropriate strength. You can also help a partner improve timing by leading the dance in a receptive but directive fashion. Pick it up, turn it around easily.

Moon Trine Mars Orb: 04°21'

Your most natural responses to situations will tend to increase the quality of your

reputation, which means you can usually bank on your intuition, or at least expect others to. Rely on your instincts where career is concerned and you won't go wrong.

Moon Sextile Midheaven Orb: 05°05'

Chapter III. Mentality

Key Quality

You may have some pretty specific ideas about just what ought to go down in a relationship, and be disappointed or angered if you don't find them as you expect. Be up front with your partner from the beginning about this, so turn-offs can be avoided.

Mercury in Virgo

Key Activity

Like it or not, your ideas are likely to get pretty well spread around, for better or for worse, so shape them carefully to draw the kind of person to yourself you want. If your public image is different than your private self, you'll have connect trouble.

Mercury in Tenth House

Chapter Highlights

You may frequently be accused of saying something other than what you mean, but that is not quite accurate. You may say different from what you feel, meaning entirely to say it. However, don't get carried away dissembling, or you'll lose both.

Moon Square Mercury Orb: 03°50'

A talent for tailoring and crystallizing your thoughts may allow you to put into words what a partner can only imply or surmise. When needs are specific, you can be specific. You are a friend and intellect that can be counted upon when needed.

Mercury Trine Saturn Orb: 05°35'

A highly fertile imagination allows you to create fantasies that can be dreams come true with a partner with the ability to practically implement them, an ability you may lack. You are best at the creative end, untrammelled by details that bind, fetter.

Mercury Conjunction Neptune Orb: 07°47'

Chapter IV. Inner Needs - Desires - Sexuality

Key Quality

Your greatest satisfaction is when a good time has been had by all. Robust tastes and an indomitable willingness to play make you a fun, but sometimes exhausting partner to those less energetic and outgoing in desires. Wait for them to catch up!

Venus in Leo

Key Activity

You seek boldness and originality in the manifestations of a relationship which will challenge your mind and body. The idea is everything, and details of expression are less important than painting your experience with a broad, strong brush stroke.

Venus in Ninth House

Chapter Highlights

It may be hard for you to physically demonstrate what you want in a situation and you may be better off establishing strong verbal communication in order to get your needs satisfied. Body language can work against you, so speak up if you're in doubt.

Venus Square Ascendant Orb: 00°39'

You have an easy style of reception and desire, knowing just how much you want in a relationship and just how much you can get, the two usually being rather closely matched. The ease of friendship is more familiar than the pain of unrequited desire

Moon Sextile Venus Orb: 01°50'

You have a large appetite for living and may be best off with a younger partner who can keep pace better with the lifestyle to which you would like to become accustomed. A more active pace will keep your weight down, too, a potential problem for you.

Venus Conjunct Jupiter Orb: 01°54'

An easygoing and natural sexuality allows you to take your mind off finding a partner and concentrate on the quality of the relationships you find yourself in. Others may be less comfortable with their sexuality, so do your best to put them at ease.

Venus Sextile Mars Orb: 02°31'

You are luckier than most in what people say about you and will sometimes have an undeservedly good reputation that may be hard to live up to in person. Nevertheless, you can benefit enormously from the praise of others and should exploit it to the max.

Venus Conjunct Midheaven Orb: 06°55'

You project a very warm, heartfelt quality because you are usually consistent in your inner direction and your personality style compliments your aims and desires. An open hand goes with an open heart, but keep a guard in reserve for insurance.

Sun Conjunct Venus Orb: 08°19'

Chapter V Energy - Drive - Activity

Key Quality

Your facility to insert yourself into a situation where change is needed will keep yourself and others on their toes. You will go out of your way to see that all is fair and just, but make sure that troubleshooting is really needed before jumping in.

Mars in Libra

Key Activity

You strive for the very best and much energy may be spent developing a 'quality relationship'. Just make sure that the interior you develop is as good as its facade, lest in the end it be best for others' eyes only and not for your heart.

Mars in Eleventh House

Chapter Highlights

A strong native flow of energy allows you to keep up a long-range pace that will see others dropping out one by one as they tire. Timing and adjusting to just the right speed to conserve energy are the key, along with good morale & high enthusiasm.

Mars Sextile Jupiter Orb: 00°37'

An easygoing and natural sexuality allows you to take your mind off finding a partner and concentrate on the quality of the relationships you find yourself in. Others may be less comfortable with their sexuality, so do your best to put them at ease.

Venus Sextile Mars Orb: 02°31'

A nice balance of feeling and action allow you to make your moves well-timed and with appropriate strength. You can also help a partner improve timing by leading the dance in a receptive but directive fashion. Pick it up, turn it around easily.

Moon Trine Mars Orb: 04°21'

Chapter VI. **Expansiveness - Growth - Success**

Key Quality

Your ideal direction in love is to have plenty of space and compass, so there is love enough to go around for everyone. This does not preclude loyalty to only one partner, but when you're in love, everyone should know it, and benefit from it alike.

Jupiter in Leo

Key Activity

When you seek or create the new, you will use a broad brush stroke to capture the size of your ideas. Since this leaves you open to detailed criticism, it's best to seek a partner who can bring to earth some of the more spacious schemes you hatch.

Jupiter in Ninth House

Chapter Highlights

A strong native flow of energy allows you to keep up a long-range pace that will see others dropping out one by one as they tire. Timing and adjusting to just the right speed to conserve energy are the key, along with good morale & high enthusiasm.

Mars Sextile Jupiter Orb: 00°37'

It can be easy to overwork your position to the point of wearing out your welcome or seeming to be a blowhard, so state your case simply but clearly and be done with it, despite the temptation to elaborate until every possible variation has been covered.

Jupiter Square Ascendant Orb: 01°15'

You have a large appetite for living and may be best off with a younger partner who can keep pace better with the lifestyle to which you would like to become accustomed. A more active pace will keep your weight down, too, a potential problem for you.

Venus Conjunct Jupiter Orb: 01°54'

You have a nice, easy feeling of just how far to react with a person that will give you both maximum benefit without going over anyone's interdicted borders or invading space. Instead you tend to open others' space by showing how open you can be.

Moon Sextile Jupiter Orb: 03°44'

Chapter VII. Seriousness - Concentration - Limitations

Key Quality

You have a good sense of a solid interior place to retreat when the outer world is not in tune with you. You can avail this talent to a partner in distress who needs a rock to lean on. When in travail yourself, you are your own best advisor and friend.

Saturn in Capricorn

Key Activity

You will generally be able to size up a situation with a word or two, leaving most everyone else wondering what you meant. Learn to elaborate, even repeat, until the communication has reached the slower, sloppier set. A closed mouth does not friends make

Saturn in Third House

Chapter Highlights

Pursuit of the new or unusual can tend to destabilize or push you too far off the beaten path for another to follow. At other times, however, inhibition may prevent sufficient exploration, so a middle path will have to be hewed out with extra care.

Saturn Square Uranus Orb: 01°11'

Enforcing strong inner strictures may be the easiest and most immediate way to stem insecurity, but can severely limit your ability to relate to and grow with another. You may have to practice some risk-taking to achieve real satisfaction.

Saturn Opposite Pluto Orb: 02°58'

A talent for tailoring and crystallizing your thoughts may allow you to put into words what a partner can only imply or surmise. When needs are specific, you can be specific. You are a friend and intellect that can be counted upon when needed.

Mercury Trine Saturn Orb: 05°35'

Chapter VIII. Originality - Spontaneity - Independence

Key Quality

Your instinct for personal discovery is quick and strong, and you will often depend on sudden insights about others which they may not immediately share. Wait until your insights begin to bear fruit before expressing them too strongly.

Uranus in Aries

Key Activity

You are very restless and impatient with the menial, service sides of life, though you will have lots of sometimes improbable suggestions to improve them. Best find a patient partner who can slog through what's necessary while you leap on ahead.

Uranus in Sixth House

Chapter Highlights

Pursuit of the new or unusual can tend to destabilize or push you too far off the beaten path for another to follow. At other times, however, inhibition may prevent sufficient exploration, so a middle path will have to be hewed out with extra care.

Saturn Square Uranus Orb: 01°11'

A certain fear of finding out too much for your own good may make you pull back from breakthroughs in a relationship just as they are about to happen, and you are probably best off if you just close your eyes and plunge ahead, let the chips fall...

Uranus Square Pluto Orb: 01°47'

A good sense of originality in developing a relationship will tend to keep things interesting for both you and a partner without pushing things too far or going over the deep end. When things get boring, you can count on a flash of inspiration.

Sun Trine Uranus Orb: 04°07'

Unexpected happenings or sudden changes in fortune tend to make others speak well of you, although why may be a mystery. When things fall, they seem to fall your way, at least when others hear about it, though reality inside may seem to contradict.

Uranus Trine Midheaven Orb: 05°31'

Chapter IX. Imagination - Ideals - Spirituality

Key Quality

It is not likely that you will ever have everything your heart desires in detail, simply because you can weave an impossibly detailed fantasy of it. Best to pick the most achievable set of details and let the rest of the dream fall where it may.

Neptune in Virgo

Key Activity

You may find that the outside world's perception of you is quite different than what is going on within, so your professional life may turn out to be your own efforts at perpetuating others' fantasies about you. Conscious manipulation of goals is a must

Neptune in Tenth House

Chapter Highlights

Others tend to dust your image with their imagination, so you are frequently viewed through rose-colored glasses, as someone who will fit into the best of fantasies. That tends to be a self-fulfilling prophesy, which is highly favorable for you.

Neptune Sextile Ascendant Orb: 01°28'

Dissembling responses to others appear to be self-protective, but sow confusion and distrust in the long run, so take extra care to say what you mean, mean what you say. Better to say nothing than to give an easy, but misleading, reply.

Moon Square Neptune Orb: 03°57'

A highly fertile imagination allows you to create fantasies that can be dreams come true with a partner with the ability to practically implement them, an ability you may lack. You are best at the creative end, untrammled by details that bind, fetter.

Mercury Conjunct Neptune Orb: 07°47'

Chapter X. Compulsiveness - Fate - Mission

Key Quality

As a part of a twenty-five year generation beginning early in the century you may find personal closeness to be your weakest and strongest points. A great need for nurturing and a fear of the loss of it require honest attention in any relationship.

Pluto in Cancer

Key Activity

Your inner philosophy and belief system are of great importance to you, to the extent that you should avoid using your knowledge of them to sway more uncertain souls. Rather, open discussion of other viewpoints will serve to enhance & strengthen your own.

Pluto in Ninth House

Chapter Highlights

A certain fear of finding out too much for your own good may make you pull back from breakthroughs in a relationship just as they are about to happen, and you are probably best off if you just close your eyes and plunge ahead, let the chips fall...

Uranus Square Pluto Orb: 01°47'

Enforcing strong inner strictures may be the easiest and most immediate way to stem insecurity, but can severely limit your ability to relate to and grow with another. You may have to practice some risk-taking to achieve real satisfaction.

Saturn Opposite Pluto Orb: 02°58'
